WHEN TO GO

Season & rhythm

- How a Greece week actually runs.: Meltemi-aware legs, one Mykonos or Hydra quay night, and swim mornings in protected bays.
- Attica or island embark: Alimos / Flisvos or Tourlos - transfer timed, APA open.
- Island cadence: Paros / Naxos / Koufonisia or Saronic short hops - protect swim mornings.
- Tables locked: Nammos, Kiki's or Hydra tavernas held weeks out.
- Plan around the meltemi.: July-August northerlies shape Cyclades routing - captains build lee-shore options before deposit.
- North coasts: Skip when forecasts stack - we never invent calm.
- South / west bays: Default swim and overnight play in peak meltemi.
- Saronic / Ionian: Shorter hops when the Cyclades brief is wind-sensitive.

BEFORE YOU FLY

FAQ

Cyclades or Ionian for a first Greece week?
Cyclades for iconic islands and meltemi-aware planning; Ionian for greener, calmer family water out of Corfu / Lefkada.

Where do larger yachts berth in Mykonos?
Tourlos new port takes serious LOA when the old harbour is full - we hold Ornos / Psarou tender plans for beach-club days.

Is Santorini practical for overnight berthing?
Vlychada is the southern marina alternative to Athinios ferry chaos; many weeks day-stop the caldera and overnight elsewhere.

What APA should we budget in Greece?

Plan ~30-40% in high season - fuel against meltemi legs, Nammos-tier tables and peak berths move the needle.

Best airport for embarkation?

ATH for Attica / Saronic / Cyclades starts; JMK for Mykonos-centric weeks; CFU for Ionian; JTR when Santorini is the hinge.

Can we combine Greece with Turkey?

Yes on longer Aegean programmes - Dodecanese into Bodrum / Göcek when clearance and weather align.

OPERATIONAL

Mooring notes

Tourlos Marina, Mykonos

Peak July-August scarce for larger LOA. 8-16 weeks high season. Party weeks and August densify Tourlos and old-port approaches. Hold Ornos / Psarou tender plans; don't promise old harbour overnight for megayachts.

Athens Marina / Flisvos

Practical Attica embark - busier than island quays. 4-10 weeks peak. Athens events densify road transfers more than berths. Default Cyclades / Saronic start - ATH door-to-deck is the cleanest mainland play.

Gouvia Marina, Corfu

Easier than Cyclades peak - still book ahead July-August. 4-8 weeks peak. August family density; shoulder is flexible. Ionian embark hub - Paxos and Lefkada within short legs.

Berth fees, APA budgets and event lead times are indicative and move with LOA, season and harbour policy. Blue Ocean Club confirms live figures in writing before deposit. Not a substitute for captain pilotage or marina contracts.
