AMALFI COAST

Overview

Amalfi Coast yacht charter is cliff-town geometry - Marina di Stabia embarkation for serious LOA, Capri Marina Grande tender culture, Positano roadsteads and NAP door-to-deck. We hold quay nights in writing because peak July-August sells out the obvious slips; the week is swim mornings and held tables, not a cruise-ship itinerary.

WHEN TO GO

Season & rhythm

- How an Amalfi week actually runs.: Stabia embark, Capri mornings, Positano light, Procida colour - short legs, held tables.
- Stabia embark: APA open, NAP transfer timed to the passerelle, Capri weather window checked.
- Cliff cadence: Capri Faraglioni swim, Positano tender, Amalfi or Ravello shore punctuation.
- Tables locked: La Sponda, Da Adolfo or Capri classics held weeks out against berth nights.
- When to take the Capri quay.: Marina Grande buys walk-ashore energy; roadsteads buy privacy and LOA flexibility.
- Capri / Amalfi nights: Confirmed quay when available - never assumed in peak.
- Positano / Li Galli: Day-hooks and quiet overnights when cliff towns densify.
- Usual play: One Capri night + Stabia bookends; tender the rest.

BEFORE YOU FLY

FAQ

Where should we embark for Amalfi?

Marina di Stabia is the practical LOA-capable base south of Naples - Capri is under an hour. Capri Marina Grande is scenic but tight for larger LOA.

How early for Capri berths?

Peak July-August often needs 8-16 weeks for preferred slips; many programmes hold Stabia nights and Capri day-hooks.

NAP door-to-deck timing?

Typically 35-55 minutes chauffeur to Marina di Stabia - we buffer traffic and luggage to the gangway.

APA budget?

Plan 30-40% of base fee in high season once fuel, scarce berths and held cliff-town tables are honest.

Positano overnight?

Roadstead / tender culture for many LOA - we confirm holding and tender plans before you fly.

Combine with Capri and Procida?

Yes - classic Tyrrhenian loop with one or two quay nights and the rest at protected anchors.

OPERATIONAL

Mooring notes

Marina di Stabia

Best LOA-capable Amalfi embark; busy in peak Italian summer. 6-12 weeks peak; 2-4 weeks shoulder. Ferragosto densifies berths and road transfers. Primary working base - Capri day-hooks when Marina Grande is full.

Porto di Capri (Marina Grande)

Tight, scenic, heavily booked - tender culture for larger LOA. 8-16 weeks July-August. Peak July-August eliminates last-minute quay nights. Default: one confirmed night or roadstead + tender plan.

Marina di Cassano, Piano di Sorrento

Peninsula alternative when Stabia is full. 4-10 weeks peak. Summer road density on the Sorrento peninsula. Useful overflow embark - confirm LOA limits early.

Berth fees, APA budgets and event lead times are indicative and move with LOA, season and harbour policy. Blue Ocean Club confirms live figures in writing before deposit. Not a substitute for captain pilotage or marina contracts.
