FRENCH POLYNESIA

Overview

French Polynesia remains one of the world's most requested yacht charter ecosystems - short legs between Society Islands, dense shore life around Marina Taina, Tahiti, and berths that reward early planning. The challenge is not finding beauty; it is sequencing marinas, Cook's Bay, Moorea and tables like Le Coco's so the week feels effortless. This is the broker's operational view of French Polynesia for the current season.

BEFORE YOU FLY

FAQ

What does it cost to charter a yacht in French Polynesia?

Yacht charter cost in French Polynesia depends on LOA, season and hull class. As an indicative band, crewed motor yachts often sit from the mid five-figures per week upward before APA (typically ~25-35% of base for fuel, berthing and provisions), VAT where applicable, and crew gratuity. We set an honest range before contract - not a fake nightly rate.

Which marina should we embark from in French Polynesia?

Marina Taina, Tahiti is the most common embarkation for French Polynesia, with fallbacks when LOA or events block the preferred quay.

Can you charter a superyacht in French Polynesia?

Yes - superyacht charter in French Polynesia is available when berths and LOA fit. We shortlist hulls against Marina Taina, Tahiti capacity and your itinerary, then hold peak slips before you fly.

When is the best time for yacht charter in French Polynesia?

Shoulder months in Pacific usually balance weather, water temperature and berth availability for French Polynesia. Peak midsummer adds density and premium quay pricing.

Is boat charter available in French Polynesia?

Boat charter in French Polynesia usually means crewed yacht charter for Blue Ocean Club guests - captain, chef and a private week rather than bareboat. We match hull class to your group and the local grounds.

How long should a yacht charter week in French Polynesia be?

A week yacht charter in French Polynesia is the standard unit - seven nights gives room for marina nights, day-anchors and one weather buffer. Day charter is available for shorter windows when the fleet allows.
