- Concierge lock: Restaurants and clubs confirmed weeks out - not left to chance.

VAT & APA - Palermo short version.

On a Palermo charter the base fee is only the starting line. Budget tax treatment and a realistic APA before you lock dates.

VAT / tax

Sicilian embarkation follows Italian VAT rules; Aeolian park fees and berthing are separate from VAT on the charter fee.

APA

For Sicily in high season, budget APA at roughly 30-40% of the base charter fee covering fuel, berths, food and concierge extras.

What we send PAs

A line-item estimate before deposit, then a live APA report from the captain during the week.

FAQ

When is the best time for yacht charter in Palermo?

Shoulder months usually balance weather, water and berth availability for Palermo. Peak midsummer adds density and premium quay pricing at Porto di Palermo.

Which marina should we embark from in Palermo?

Porto di Palermo is the primary embarkation for Palermo, with anchorage fallbacks when LOA or events block the preferred quay.

How far ahead should we book berths in Palermo?

For peak season around Palermo, 4-12 weeks is typical for larger yachts; shoulder season is more flexible. We open the berth conversation with the yacht shortlist.

What does APA usually cover on a Palermo charter?

Fuel, berthing, food and beverage, and most guest concierge extras. For Palermo we set an honest APA band before contract - not a vague percentage.

Can you arrange airport transfers into Palermo?

Yes - chauffeur and helicopter where available from CTA / PMO, timed to the embarkation slot at Porto di Palermo.

How does a Palermo week use Palermo & Egadi?

Palermo & Egadi is a core Palermo pocket - we sequence Porto di Palermo nights and day-anchors so the week feels unhurried. Palermo sits inside Sicily as a focused stop, not a duplicate of the country hub.
