### Captain notes

Approach Marina Portoro with local pilotage notes from the captain; high season berths book weeks ahead. Confirm fuel, shore power amp rating and waste before arrival.

### Tender fallback

When berths are scarce we hold a sheltered anchorage + tender (or captain-only standby) plan before you fly - never a last-minute scramble at the mole.

### Luggage / hotel

Night-before hotel near the gateway (or marina) when late arrivals risk missing the embarkation slot - we hold rooms against the transfer plan.

[Draft] Indicative seasonal berth ranges are shared on request - confirm with the marina agent before contract. We never publish unverified nightly rates as fact.

#### TIMING
